

SMARTER TOGETHER

Dahua Technology Partner Day 2020 Online Event

You are Invited to Dahua Online Partner Event ! EMEA region

 Tuesday 1st of December 2020

Dahua Technology organizes a digital multilingual tradeshow to showcase the joint solutions with its technology partners. The event will highlight different themes and bring experiences from our ecosystem. A total of 26 companies look forward to showing how their solutions add value to the industries and convey their message of interoperability.

Every technology partner will give a keynote speech and share their experiences in industries like Retail, Traffic & Parking, Video Analytics, Critical Infrastructure & Guarding, and Healthcare & Residential. The main language will be English but French, German, Italian and Spanish are also optional. Apart from the presentations, there is also an opportunity to network with the technology partners in the partner hub, explore cooperation opportunities or get the latest product information.

[Sign up](#) for free today and discover how we create smart solutions together !
